Longhouse Trading is now the

Authorized Distributor for

Greenblock Worldwide Corporation™, headquartered in Stuart FL, is a manufacturer, marketer and installer of high performance Insulated Concrete Form wall systems for the residential and commercial construction industry. Greenblock offers a full ICF product line including both fixed-web and assemble-on-site panel systems in 4, 6,8,10 and 12 inch core widths. Greenblock is the only ICF company to offer in-house installation services* featuring trained, experienced employee crews, company owned trucks, wall alignment system

Greenblock, known as the "Original ICF", was founded in Europe over 40 years ago and has been used in literally thousands of structures since its inception. Our unique ICF design has earned us a reputation as the toughest block in the industry, and with our nationwide network of manufacturing facilities, distribution warehouses and professional installation services, we have the ability to provide a total, turn-key, high performance ICF wall system buildings.

As a member of the National Association of Home Builders (NAHB), the United States Green Building Council (USGBC) and the Green Building Initiative (GBI), Greenblock is committed to providing products and services to both the residential and commercial green building communities that will result in conservation of our natural resources. The use of Greenblock products can earn substantial credits toward green building certification.

Pacific Coast Builders Convention

Longhouse Trading will be attending the Pacific Coast Builders Conference June 17-19 2009 in San Francisco with BC Wood Specialties Group.
